Dear Participating Club

RE: RCBS Community Assistance Raffle ~ 2021/22

Postponed

For many years, the Rotary Club of Ballarat South has organised a **Community Assistance Raffle** which allows 'not-for-profit' community organisations to raise funds for themselves. The COVID-19 Pandemic prevented RCBS from conducting this raffle last year.

Unfortunately, the recent 'lockdown' has highlighted to our club the tenuous state of public health in Victoria, and the risk to community members who would be called upon to sell these tickets within the wider community. After careful consideration, the Board of the Rotary Club of Ballarat South has decided that it would be unwise to proceed with the Community Assistance Raffle at this time.

Be assured that it is our intention to re-start this Raffle when the public health of our communities is more secure: i.e. after most Victorians have been vaccinated. You will be contacted when RCBS is able to re-start this valued community support Raffle. Information will also be posted on our club webpage at www.rcbs.org.au.

I look to your continued support for this project in the future.

Maree Roache

Chair
